## SUMMARY

As a motivated and adaptable fresher, I possess strong core programming skills and a passion for learning and growth. I am seeking an opportunity where I can contribute my technical abilities while further developing my skills in a collaborative work environment. I am a quick learner, a good listener, and can communicate effectively both individually and within a team.

**SSC**
**SHRI MAHATMA BASWESHWAR VIDYALAY** **2019**
**Omerga, Dharashiv** **Percentage:49.80%**

## SKILLS

**Languages** :  Full Stack Python
**Frontend Technologies** :  HTML, CSS
**Backend Technologies** : SQL (MySQL)
**Core Concepts** :  Basics of OOPS
**Tools and Platforms** :  VS Code
**Soft Skills** :  Adaptability, Teamwork, Problem-Solving

## PROJECTS

**Phone Hub :**

- Full-stack Django web app for managing and showcasing smartphones.
- Features: CRUD operations, responsive design, animations, scalable structure.
- Enhanced UX with AOS, gradient backgrounds, reusable templates and clean CSS.
- Live Demo Link :- deepaksurykantrathod.pythonanywhere.com
- Source Code :- https://github.com/Deepak9370/SmartKart

**Bid Bazzer :**
- Designed and implemented an Online Auction System that allows users to register, list items, and participate in real-time bidding through a secure web interface.

– Utilized HTML, CSS, JavaScript for the frontend, and Python with Flask/Django along with MySQL for backend and data management.
